Christian Service
Gospel Team/ Performing Groups Directory
2013-5 Revised edition

The importance of this directory is in the identification of personnel and groups from each year Christian Service groups performed, preached, drove. It is an recognition of the commitment to Christ, the hard work, the sacrifice to travel, give up personal time, and the development of talent and skills.

This revised edition of the Christian Service Gospel Team/Performing Groups Directory keeps the 2004 information but corrects errors and omissions, adding names and an additional index with listing of all personnel by first name.

Where the editor had knowledge of a change, it was included (person is now deceased, married). Due to the volume of personal information, it is difficult to be comprehensive with such changes.

You are welcome to send us any further corrections.
